Laboring Men.

To the Editor of the Norfolk Journal.

Dear Sir:—If our mechanics and laboring men desire to become useful members of society, let them devote more attention to the cultivation of their minds. That notion that a majority of our working classes entertain, that they have no time for study, is a fallacious one. Every man has time for intellectual improvement, and, if he improves it, he will reap a threefold reward. If the laboring portion of the community would make use of the hours at their disposal, if they want to obtain a proper influence in society, they must divest themselves of the pernicious idea that they have no time for mental cultivation—such a notion is a mere phantom.

Franklin found time in the midst of all his labors, to dive to the hidden recesses of philosophy, and to explore an untrodden path of science. Mechanics might justly be considered the life blood of the community; they can, if they please, hold in their hands the destinies of our republic; they are numerous, respectable, and powerful; and they have only to be educated half as well as other professions to make laws for the nation. But any efforts on their part to rise above the ordinary standard of respectability, or to rule, without the prerequisite Education, will render all their efforts abortive, and land them in the regions of fruitless experiment, confusion and disappointment.

SYMON.

The Reverend Mr., or, as he would probably prefer to be entitled, the Reverend Father Morrill, of the Church of St. Alban, went, in his sermon last Sunday, if that sermon is correctly reported, a step further than any of the Ritualists in this country have hitherto been bold enough to advance. He is reported to have instructed his flock that the beliefs of the Protestant Episcopal Church and of the Church of Rome were identical, and that only a name divided them. He further expressed his wish that this distinction might be done away with and that they might unite, under the fatherhood of the Pope and the name of Roman Catholics. Protestantism he wound up by denouncing not only as a failure, but as a criminal heresy. It is superfluous to point out how a doctrine of this sort fits the Thirty-nine Articles and the general persuasion of the members of the Protestant Episcopal Communion. It seems that Mr. Morrill's ecclesiastical superiors can hardly avoid taking [illegible] action, when it is once brought officially before them. And the Low Church party may be relied upon to bring it to their immediate notice. Mr. Morrill has made the issue squarely, instead of shirking it, as many of his colleagues seem disposed to do, and it would seem that the two factions of the Episcopal Church must join battle upon it. It is at least impossible that doctrines so diverse as Mr. Morrill's and Dr. Tyng's can much longer be promulgated under the authorization of the same religious body.—*N. Y. World.*

AN AWFUL SINNER.—In Arkansas, Elder Knapp, while baptising converts at a revival meeting, advanced with a wiry, sharp-eyed old chap into the water. He then asked the usual question, whether there was any reason why the ordinance of baptism should not be administered. After a pause, a tall, powerful looking chap, with an eye like a blaze, who was leaning on a long rifle, and quietly looking on, remarked: "Elder, I don't want ter interfere in this yer business any; but I want to say that this is an old sinner you have got hold of, and I know that one dip won't do him any good. If you want to get the sin out of him, you'll have to anchor him out in deep water over night."

DECREASE OF THE NEGROES.—A gentleman informed us some weeks since that on his farm there are nine married negro couples, but not one child among them. Another friend from the South side of James River told us the other day that there are, within a quarter of a mile of his house, eight negro families, among whom there has but one child been born since the war. We have heard many such accounts from various other sources, all pointing to the fact that the increase of the colored people is now much less than their decrease by death.

In addition to the facts we have stated, we read in many newspapers that it is believed that the same state of things is general in the South. The next census will give some strange revelations on this subject.—*Norfolk Journal.*

A CAUTION TO THE ITALIAN BISHOPS. It is stated that Victor Emanuel's government has intimated to the Italian bishops that they are at perfect liberty to attend the Council if they choose, but that they must beware of discussing any political questions when there if they have any wish to return to their dioceses.

From the Sentinel.

More News From Jo.

In our late visit to Rockingham we heard all, or, at least, a good deal, about Jo. We must have heard much that was not true, and there were some things that we know to be true that we will not state now.—We spared Jo the mortification of their publication, on a former occasion, although he may, next week, with Pike, Pebe, Menninger, Farriss, Boshier, Jenkins and Company, come to the Depot, to whip us. Well, we will spare Jo the pain and mortification of a publication again, at the risk of being whipped next week.

Perhaps it would not be out of the proper order of things to tell, first, what we did not hear of "our Beloved's" beloved son, the Speaker of the House. We did not hear that "my son, Jo," was making much proficiency in the study of the law, but we did hear that which induced us to believe that the trump of war has fallen from his hands. He no longer pants to meet the "mercantile mauler" in Tucker's back yard, or to print exclamation points in the countenance, or full stops with his knuckles over the eyes, of Attorney General Coleman. Softer visions and gentler vibrations have stolen over the dreams of Jo, the Speaker. But Jo is not entangled in the mystic labyrinths of law—like uncle Toby, he has *fallen* in love. Uncle Toby said that "*falling* in love carries with it an idiomatical kind of implication that love is below a man." However that may be, uncle Toby fell in love with the widow Wadman, and, in like manner, Jo has fallen in love.

It would certainly be an invasion of the "social circle" to comment upon Jo's love affairs, therefore, we forbear, but we can assure Jo that, if he reads the Virginia and North Carolina papers for the last week, he will find they have not been quite so forbearing. We claim great credit for our singularity in this respect.

But, to return to the subject. We did hear that Jo went to Reidsville for Judge Settle's mail, and that the horse and buggy both got drunk; that Jo "busted" the tire of the buggy wheel, and lost a new churn; and that he fired five shots at a stump by the roadside that he mistook for a Ku Klux; that he afterwards called a bull yearling, that chanced to be passing, to "order," and said, "so much passing about the Hall, must be discontinued."

But our readers will be able to understand it all as well as if we were to write a full chapter on each particular incident. Suffice it to say, Jo went to Reidsville on Wednesday, for the Judge's mail, the distance was only about ten miles, and the Judge expected him to return in a few hours. But Jo "took up" in Greensboro', instead of Reidsville. Jo did not return "in a few hours," nor in a day, nor two days. The Judge fearing the horse and buggy might be drunk, sent a special messenger, (or detective) for them, on the third day. But Jo, it seems, had got lost, and after going to Greensboro', he wandered off to Richmond. After several days he returned to Reidsville and started thence to the Judge's, with a new churn and the mail in the buggy. He set out in the morning and, after travelling all day, returned to Reidsville late at night, the point from which he started in the morning, declaring the horse and buggy were both drunk.

Of all the acts of Joseph William, from the time he left Greensboro', to that of his return to Reidsville, including his exploits in the city of Richmond, behold they are written in the Richmond correspondence of the Petersburg *Express.*

We advise the Judge to be more careful, hereafter, as to whom he sends for his mail, and the people of North Carolina, as to whom she makes Speaker of her House of Commons, in the General Assembly.

Joseph's trip after the Judge's mail lasted about fourteen days. We understand he inquired, while on the train from Richmond, what the papers had said about him and his trip, and seemed evidently disappointed that the *Sentinel* had not given him a notice. "Tis pleasant to see one's name in print," and Jo will likely enjoy this pleasure for some time; but not from us, for we intend to punish him, in this way, that is, by not printing his name, for some time to come.

The Judge may send his "student" for the mail as much as he please; we shall not notice him. We hope the Judge may recover his new churn by the time his new bridge is completed and his law student graduates, so that many coincidences may conspire, at once, to increase his happines, and that "his joy may be full."

Unfortunate Joe! He broke his "tickler," lost the churn, "busted" his buggy wheel tire, and got lost himself. No wonder our laws are so crooked, uncertain and hard to understand, when we consider that Joe has to sign them all.

Eight yellow fever patients from the French corvette, now in New York harbor, have been admitted to the Quarantine Hospital. One death has occurred since her arrival.

J. J. Joseph, the Chinese Immigration Agent at Charleston, has received orders for over fourteen thousand Chinamen, from thoroughly responsible persons.

The Jackson Standard tells the following: "When Sam Carey was at about the middle of his speech at this place, he tried to be very antic. He jumped up and down, cracked his fists together, snorted, and thought he was quiet witty. All at once he stopped, told the drummer to play a little until he stopped behind the curtain and mended his drawers, as he had bursted them."

STRANGE ACCIDENT AT A FUNERAL.—A curious accident occurred at Philadelphia on Sunday. At the house of a colored woman named Fanny Bishop a number of colored people had assembled to attend the funeral of a child. Around the corpse, which was lying in the lower or first story room, the mourning relatives and friends were gathered listening to the exhortation of a colored minister, when suddenly the entire floor gave way and carried with it into the cellar all the people and furniture that had been standing upon it. The body of the deceased child went down along with the living, the corpse falling among one portion of the debris, and the coffin into another part. With the frightened persons shrieking for help and endeavoring to release themselves the scene was most exciting and painful. A few moments, however, brought the unfortunate mourners from their unpleasant position. About twenty persons, men, women and children, were thrown violently together among the debris, and their escape without very serious injuries was most remarkable. Several of the women, when taken out of the cellar, were found to be considerably bruised, none of them seriously, except one who was struck violently in the side by some heavy article. After considerable difficulty, the corpse was brought out of the wrecked house in an unharmed condition. The negroes at first seemed to have a superstitious horror which prevented them from removing it from where in fell

MONKS AND NUNS IN AUSTRIA.—Austria possesses at present 263 nunneries and 4,390 nuns. They are thus distributed:—Tyrol has 103; Bohemia, 53; Austria, proper, 47; Moravia, 19; Salzburg, 27; Styria, 17; and Carinthia, 8. Besides these there are 287 monasteries in the Empire, with 5,318 monks, 3,441 of whom are priests, and 1,877 lay brothers. They are thus divided:—Bohemia has 78; Tyrol, 66; Moravia, 34; Styria, 28; Salzburg, 9; and Carinthia, 6. Thus 10,208 persons in Austria have devoted themselves to a religious life.—*Churchman.*

Sir Henry Rawlinson is reported to have announced at the last meeting of the Royal Asiatic Society that such progress has been made in the collection and arrangement of the Nineveh inscribed fragments, as to make it beyond doubt that they would be able to derive the whole of the history given in the book of Genesis from the time of Abraham, from these ancient documents. The babylonian documents give a very exact geographical account of the Garden of Eden, and amply illustrate the Flood and the Tower of Babel.

Some of the best men in England are studying the inebriate asylums in America with much interest. Such institutions are scarcely known in Great Britain.

The *Christian Advocate* says that Rev. Mr. Richardson, of Washington, Ohio, is probably the oldest living American clergyman. Yet he appears by no means superannuated; for, although one hundred and six years of age, he walks five miles on Sunday and preaches a sermon.

HYMENIAL.—We learn through a friend that Judge R. R Heath, formerly of North Carolina, but now a resident of Memphis, Tenn., was married a few days ago to Mrs. Brower, from one of the Western counties of this State.—*Sentinel.*

RENTING:—Owing to my continued bad health, I offer for rent the Brick Building, nearly opposite the Presbyterian Church, containing Office, Dining and two excellent Basement Rooms, with ten beautiful Chambers and an elegant Parlor above. Good Smoke House and Kitchen with three rooms, all brick. The best water in the city (notoriously so, the "Jamison Well")—Indeed and truth this is the most desirable place to live in Charlotte, in full view from above or below of Dr. Charles Fox's grounds, the Branch Mint, the Presbyterian Church and grounds, Court Yard—the highest point off the Square in the city. A courtly place for a private residence or most excellently adapted for a small and elegant Hotel, and to good parties good chances will be given, while none others need apply. FORTY THOUSAND CASES OF GOODS were shipped from our house in One Year, to families, clubs and merchants, in every part of the country, from Maine to California, amounting in value to over

ONE MILLION DOLLARS.

Our facilities for transacting this immense business are better than ever before. We have agents in all the principal cities to purchase goods from the manufacturers, importers, and others for **Cash**, and often at an immense sacrifice from the original cost of production.

Our stock consists, in part, of the following goods:—

Shawls, Blankets, Quilts, Cottons, Ginghams, Dress Goods, Table Linen, Towels, Hosiery, Gloves, Skirts, Corsetts, &c., &c.

Silver-Plated Ware, Spoons plated on Nickle Silver, Desert Forks, fine bottle plated Casters, Britannia Ware, Glass Ware, Table and Pocket Cutlery in great variety.

Elegant French and German Fancy Goods, Beautiful Photograph Albums the newest and choicest styles in Morocco and Velvet Bindings.

Morocco Travelling Bags, Handkerchief and Glove Boxes, &c.

Gold and Plated Jewelry, of the newest styles.

We have also made arrangements with some of the leading Publishing Houses, that will enable us to sell the standard and latest works of popular authors at about one half the regular price:—such as BYRON, MOORE, BURNS, MILTON, and TENNYSON'S WORKS, in full Gilt and Cloth Bindings,—and hundreds of others.

These and everything else for

ONE DOLLAR FOR EACH ARTICLE.

We do not offer a single article of merchandise, that can be sold by regular dealers at our price. We do not ask you to buy goods from us unless we can sell them cheaper than you can obtain them in any other way,—while the greater part of our goods are sold at about

One-half the Regular Rates.

We want good reliable agents in every part of the Country. By employing your spare time to form Clubs and sending us orders, you can obtain the most liberal commissions, either in **Cash** or **Merchandise**, and all goods sent by us will be as represented, and we guarantee satisfaction to every one dealing with our house.

Agents should collect ten cents from each customer and forward to us in advance, for Descriptive Checks of the goods we sell.

The holders of the Checks have the privilege of either purchasing the article thereon described, or of exchanging for any article mentioned on our catalogue, numbering over 350 different articles—not one of which can be purchased in the usual way for the same money.

The advantages of first sending for Checks are these: We are constantly buying small lots of very valuable goods, which are not on our catalogues, and for which we issue checks till all are sold; besides, in every large club we will put checks for WATCHES, QUILTS, BLANKETS, DRESS PATTERNS, or some other article of value, *giving some members of the club an opportunity of purchasing an article for about one quarter of its value.*

"In every order amounting to over $50, accompanied by the cash, the Agent may retain $2 00, and in every order of over $100, $3.00 may be retained to

PAY THE EXPRESS CHARGES.

This offer is more especially to assist Agents in the Western and Southern States, but is open to all customers.

COMMISSIONS

Agents will be paid ten per cent. in Cash or Merchandise, when they fill up their entire club, for which below we give a partial List of Commissions:

For an order of $30, from a club of Thirty, we will pay the Agent, as Commission, 28 yds Brown or Bleached Sheeting, Good Dress Pattern, Wool Square Shawl, French Cassimere Pants and Vest Pattern, Fine Large White Counterpane, etc., etc., or $3 in cash,

For an order of $50, from a club of Fifty, we will pay the Agent, as Commission, 45 yds. Sheeting, One pair heavy Wool Blankets, Poplin Dress pattern, Handsome wool Square Shawl, silver-Case Watch, etc., etc., or $5 in cash.

For an order of $100, from a club of One Hundred, we will pay the Agent, as commission, 100 yds. good yard-wide Sheeting, Coin-Silver Hunting Case Watch, Rich Long Wool Shawl, Suit of all Wool French Cassimere, etc., etc., or $10 in cash.

We do not employ any Travelling Agents, and customers should not pay money to persons purporting to be our Agents, *unless personally acquainted.*

SPECIAL NOTICES.

Keep the Body in Good Repair.

It is much easier to keep the system in good condition than to restore it to that condition when shattered by disease. The "House of Life," like other houses, should be promptly propped up and sustained whenever it shows any sign of giving way. The first sympton of physical debility should be taken as a hint that a stimulant is required. The next question is, "What shall the stimulant be?"

A wholesome vegetable tonic, the stimulating properties of which are modified by the juices and extracts of anti-febrile and laxative roots and herbs,—something which will regulate, soothe and purify, as well as invigorate,—is the medicine required by the debilitated. There are many preparations which are claimed to be of this description, but HOSTETTER'S STOMACH BITTERS, the great vegetable preventive and restorative that has won its way to the confidence of the public and the medical profession by a quarter of a century of unvarying success, stands pre-eminent among them all. To expatiate on its popularity would be to repeat a twice-told tale. It is only necessary to consult the records of the United States Revenue Department to learn that its consumption is greater than that of any other proprietary remedy of either native or foreign origin.

As a mean of sustaining the health and strength under a fiery temperature, the BITTERS have a paramount claim to consideration. It has the effect of fortifying and bracing the nervous and muscular systems against the ordinary consequences of sudden and violent changes of temperature, and is therefore peculiarly useful at this season, when hot sunshine by day, and ice-cold dews by night, alternately heat and chill the blood of those who are exposed to them.

HOSTETTER'S STOMACH BITTERS are sold in bottles only. To avoid being deceived by counterfeits, see that the name of the article is on the label, and embossed on the glass of the bottles, and our revenue stamp over the cork.

Testimonials from England.

SIR,—Having suffered severely from rheumatic pains in the head and face, I was induced, from what I heard said of it, to try PERRY DAVIS' PAIN KILLER, from which I soon found relief. It is indeed a valuable article.

I am yours &c,
WILLIAM EVANS, (Miner,)
Willenhall, England.

This is to certify that I have been a sufferer from Indigestion and violent Sick Headache for upwards of four years. I have consulted many of the Faculty, but have derived no material benefit from any source, until I tried PERRY DAVIS' PAIN KILLER, which, I am happy to state, has done me more good than all I ever tried before.

ESTHER BRIGGS, Bolton, England.

GENTLEMAN,—I have much pleasure in speaking of the great efficacy and usefulness of your PAIN KILLER. Two years ago I was severely afflicted with a painful internal disease, when a friend of mine, who had just returned from the States, gave me a small quantity of PAIN KILLER, which he had brought over with him. I took it as directed, and the relief was immediate, and so satisfied was I of its value as a medicine, that I immediately sent to New York for half a dozen bottles; and I am thankful to say, that it has proved to my family and friends who have used it of inestimable value in relieving almost all kinds of pain and suffering.

Yours, &c., H D. MEAD,

A watch, pair of Blankets, Quilt or Shawl for one dollar appears almost impossible but such may be had and hundreds of other useful articles by patronising PARKER & CO'S, "ONE DOLLAR SALE."

Their system of doing business has been examined by the authorities and a *Decision* rendered from the Internal Revenue department at Washington dated Nov. 4th, 1858, declaring their business perfectly fair and legitimate and entirely different from the numerous gift enterprises. Of course all do not get watches, blankets, &c., for One Dollar, but in *every large Club, one of these articles are sold for One dollar*, as an extra inducement, and some member of the club has the chance of obtaining it. A New feature introduced by this enterprising firm, is to pay their agents in either *cash* or merchandise and to pre-pay the express charges. No better opportunity can be offered to either Ladies or Gentlemen, having leisure time, than to form clubs for this firm.

Read their advertisement in another column, and send for catalogue.

TO DRAW TEA.—When you pour boiling water upon the tea, it causes most of the aroma to escape with the steam. First pour tepid or cold water enough on to cover it; place it where it will warm, but not enough so as to cause the aroma to escape in steam. Let it remain about half an hour, pour on boiling water and bring to the table.

LATEST NEWS.

From Washington.

WASHINGTON, Sept. 25.—It is stated that the President, on reading the accounts strongly committing the Executive to interference in favor of the "extremists" in Texas and Mississippi, said to parties of his official household, that the reports were not substantially true. The facts are, that the President will allow the Secretaries to act their pleasure in their several Departments. This will throw the patronage of the Post Office, Treasury and Attorney General for the "extremists;" the State, Navy, War and Interior Departments if they interfere at all, will favor the Conservative Republicans. This rough statement of the situation is the closest approximation possible. Those best informed, persist in asserting that neutrality in the highest quarters will be observed.

EMANCIPATION PROCLAMATION.

A magnificent Pen Design, 18x27 inches of the lamented ABRAHAM LINCOLN'S IMMORTAL PROCLAMATION, executed by W. A. COLLINS of No. 17 Nassau St., New York, having been Photo-Lithographed by the celebrated Osborne Process, copies are now ready for sale and can be procured by application to the subscribers.

This work, irrespective of its great historic value, is the most superb piece of penmanship ever executed, and in itself is an ornament that should adorn every household.—No liberty-loving American should be without a copy. None can form an idea of its chasteness of design, beauty of execution, and completeness of detail, without examination. It has been pronounced by the most experienced connoisseurs as equal to the finest steel-plate engraving, and the fact of its having been executed with an ordinary steel pen and common writing ink, is taken into consideration, it ranks as a marvel of patience, perseverence and art. Copies will be sent to any address in the union on receipt of $2.50 each.

LARGE DIVIDEND OF INSURANCE.

The Piedmont Life Insurance Company, of Virginia, has

DECLARED A DIVIDEND OF FORTY PER CENT.

on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed it proper to hold a surplus beyond the reserve fund.

The company is now only in the *eighteenth* month of its active operation—yet

HAS ISSUED 2,000 POLICIES

which is a success really remarkable, and far ahead of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and its

S. B. SEXTON'S CELEBRATED

PATENT BALTIMORE PARLOR HEATERS

AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking* and *cooking*. We have Stoves to take in *long wood* and with *large ovens*, and are *superior Stoves for baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 50 to 70 hours with once filling.

Thanking to our friends and the public for their past favors, we solicit a continuance of their patronage.
